LB1070065

Informazioni tecniche:

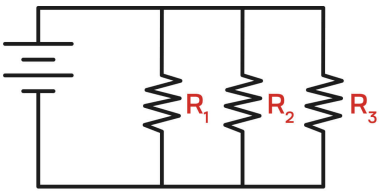

Brand	TCI
Codice referenza	125424 - 24V
IP	20
Potenza di uscita	20W
Tensione nominale in uscita DC (a carico)	24V
Corrente nominale di uscita	830mA
Range di tensione in ingresso	220-240V
Frequenza	50/60Hz
Fattore di potenza (λ)	0,95
Interruttore magnetotermico B10 - C10 - B16 - C16	31-52-50-85
Specifiche	DALI-settable

Dimensioni

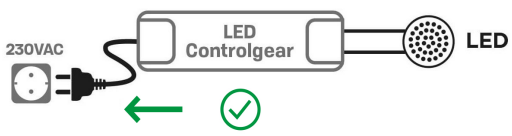

LED Controlgear Constant Tension

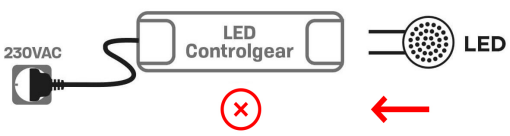

Collegamento in parallelo

Attenzione!!

Prima di connettere l'alimentatore alla rete assicurarsi di aver collegato i LED sul secondario. In caso contrario la lampada potrebbe non accendersi.
