## Informazioni tecniche:

|                             |                               |
|-----------------------------|-------------------------------|
| Installazione:              | Soffitto, Superficie soffitto |
| Materiale Corpo:            | Alluminio                     |
| Finitura:                   | Bianco RAL 9003               |
| Trattamento:                | Bordo Mare                    |
| Tipo di diffusore:          | Vetro serigrafato             |
| Inclinazione ottica:        | 18°                           |
| Tipo lampada:               | LED                           |
| Classe energetica:          | F                             |
| Temperatura colore:         | 3000K                         |
| CRI:                        | 95                            |
| LB Factor:                  | L80B50 - 50.000h              |
| Step MacAdam:               | 3                             |
| Rischio fotobiologico:      | RG1                           |
| Potenza assorbita Watt:     | 20                            |
| Lumen:                      | 1965                          |
| Real Lumen:                 | 1435                          |
| Alimentazione:              | ✓ integrata                   |
| LED:                        | 220-240 V                     |
| Interruttore magnetotermico | 42-69-67-110                  |
| B10 - C10 - B16 - C16       |                               |
| Classe di isolamento:       | ⊕ CL.I                        |
| Grado di protezione:        | <b>IP 65</b>                  |
| Resistenza alla rottura:    | <b>IK 06 1J xx3</b>           |
| Marchi di Conformità:       | CE UK CA                      |
