Cordina

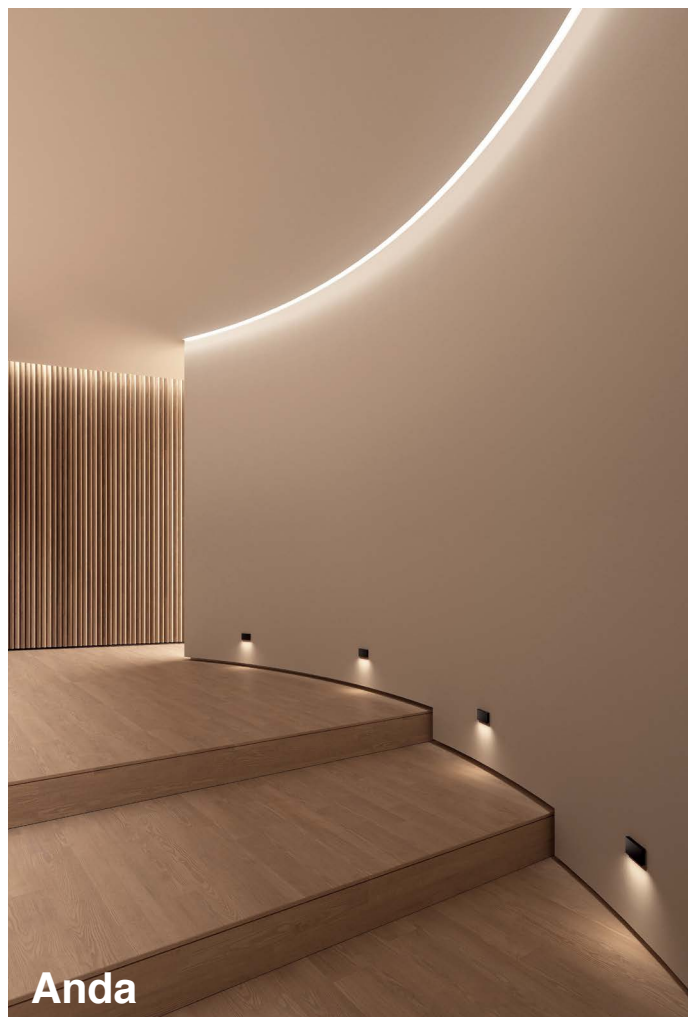

Sottile

Flip

Meno

Sottile

The wall and ceiling light that illuminates your home with style, the family expands with a new model: SOTTILE 145.

It is available in three different sizes to suit all space requirements.

LED COLOUR 4000K 3000K 2700K

Flip

A lamp that overturns the concept of the dome, creating a bold configuration that tilts in multiple directions, allowing you to experiment with customised lighting.

Available in three sizes: Flippino, Flip 250 and Flip 500; ceiling, pendant and wall.

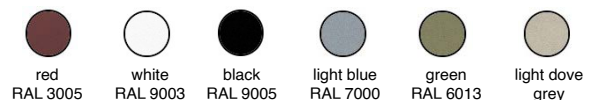

LED COLOUR 4000K 3000K 2700K

Manta

Whether paired or in a composition, ceiling-mounted or suspended, it fits lightly and harmoniously into any environment, creating an enveloping atmosphere.

Available in both bi-emission and mono-emission versions.

LED COLOUR 4000K 3000K 2700K

Korum

The vibrant and revolutionary collection designed by Karim Rashid bursts onto the scene with an extra touch of colour, while maintaining a strong focus on detail and elegance.

Available colors on request:

LED COLOUR 4000K 3000K 2700K

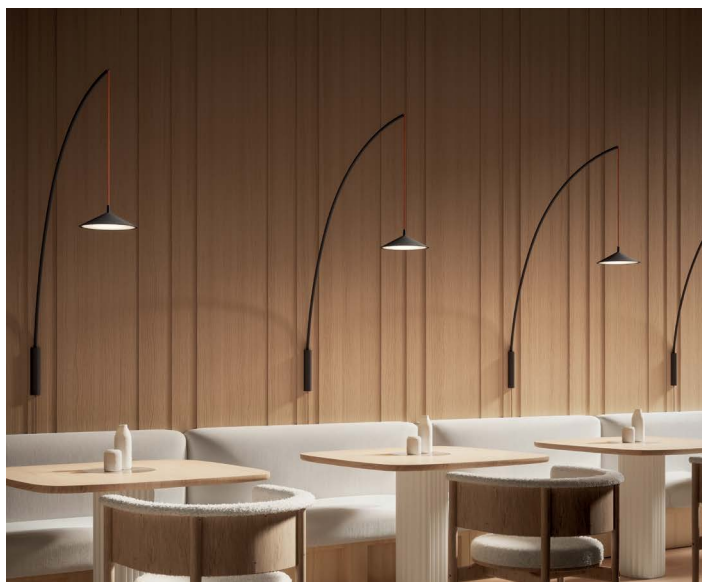

Cordina

Available in four formats – cylindrical, spherical, linear and conical – CORDINA lends itself to refined geometric lighting effects characterised by an intimate, diffused light.

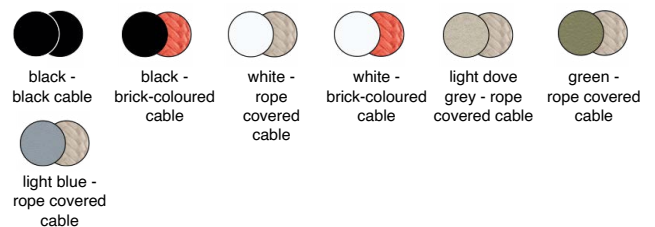

LED COLOUR 4000K 3000K 2700K

Minima

Minima by Victoria Azadinho Bocconi. Minimalism, functionality and grace synthesised in many variations of the same lamp.

LED COLOUR 4000K 3000K 2700K

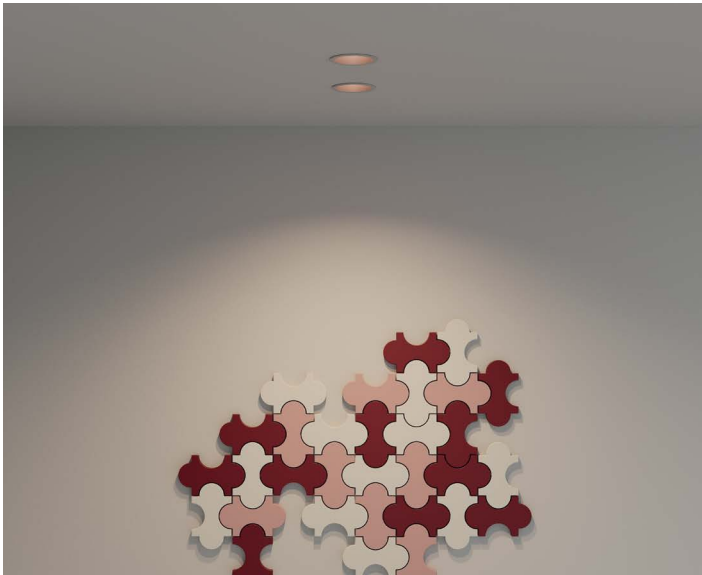

Cuboluce

The historic lamp designed in 1972 is now available in three versions: CUBOLUCE classic, CUBOLUCE LED and CUBOLUCE wireless.

In addition to the nine finishes, there is also the option of customisation with pad printing or digital printing.

LED COLOUR 4000K 3000K 2700K

Indice

The round or square recessed spotlight. Also available in the INDICE Pro range, it incorporates a LED module with interchangeable optics.

LED COLOUR 4000K 3000K 2700K

Meno

Fixed, adjustable or asymmetrical light, ideal for creating atmosphere and illuminating multiple environments.

In addition to the standard recessed version, there is also a trimless version that allows for flush mounting and spot lighting.

LED COLOUR 4000K 3000K 2700K

Anda

Anda full and Anda are wall lights and step lights, a compact solution that allows for the creation of versatile furnishing compositions.

LED COLOUR 4000K 3000K 2700K

TensoSottile

This is the latest evolution of the Tenso family, designed by Cini&Nils and intended for installation on cables suspended from wall to wall.

LED COLOUR 4000K 3000K 2700K

Fischietto

A reading lamp that encompasses so much comfort, design and multifunctionality has never been heard of before. FISCHIETTO is out of the ordinary: it incorporates a USB-C socket and two switches and features a swivelling spotlight with dimmable lighting.
